The festive season is full of temptations for your pet - sparkly baubles, delicious food - we offer you a few tips below to help you pet proof your house. Please take note of the surgery opening hours over Christmas and the emergency number to call outside of these times.

### Opening hours

Christmas Eve: 8.30am - 5pm  
 Christmas Day & Boxing Day: Closed  
 Sunday 27 December: 10am - 4pm  
 Monday 28 December: Closed  
 New Years Eve: 8.30am - 5pm  
 New Years Day: Closed

Out of hours emergencies are covered by Foxgrove Veterinary Centre, 020 8650 2003.

### Keeping your pets safe at Christmas

Coffee, Alcohol, Raisins, Grapes, Sultanas and Sweets are tasty for us but can cause liver failure and other problems in our pets. Please keep mince pies, Christmas pudding and the mulled wine out of paws reach!

Mistletoe, Holly, Pot-pourri and Poinsettias can also cause problems and should be avoided. As always, extreme caution is needed with lilies as the pollen can cause renal failure in cats.

Needles from the tree should be hoovered at least daily, and tinsel and similar decorations can be a very tempting toy but must not be eaten!

Please call us immediately if you believe your pet has come into contact with any of the items listed.
